

Environmental Education Association of South Carolina

Congratulations to Boundless Limits International on receiving the Non-Profit Organization of the Year award from the Environmental Education Association of South Carolina! This award is provided by EEASC to the non-profit organization that they believe contributed the most to environmental education in South Carolina.

Nominations received for Boundless Limits International wrote of your significant contribution to environmental education due to your work as the creators of the Scaly Adventures broadcast television series. All of this, as well as your work with Edisto Island Serpentarium, the conservation of turtles through the Turtle Survival Alliance's Turtle Survival Center, the cultural and historical preservation of Charleston, as well as the rescue efforts of two Upstate non-profit animal organizations, makes Boundless Limits International most deserving of this recognition!
